

PGM DIESEL CD 20W50

Description

PGM Diesel CD: heavy-duty diesel engine oil is developed for severe service in high-output diesel engines, either naturally aspirated or super-charged. It minimizes deposits, reduces wear and imparts dispersant and detergent properties. It is formulated from high VI paraffin base oils and chemical additives to provide optimum control of deposits in severe service and control against wear, rust and corrosion.

Application

PMG Diesel CD is recommended for use in high output diesel engines in commercial vehicles where manufacturer's specifications require API CD/SG performance level oil.

Benefits

- Good control over deposits at high temperatures.
- Improved fuel economy.
- Good control over low temperature sludge.
- Eliminates seasonal oil changes.
- Reduces oil consumption.

Performance Level: API CD/SG

PGM DIESEL CD 20W50

PROPERTIES	UNITS	VALUE	TEST METHOD
SAE Grade	–	20W50	
Viscosity @ 100 °C	mm ² /s	20 (Typical)	ASTM D-445
Viscosity Index	–	125	ASTM D-2270
Flash Point, COC	°C	230	ASTM D-92
Pour Point	°C	– 4	ASTM D-97
Base Number	mg KOH/g	8	ASTM D-2896

NOTE: The test data shown in this table are recent average values and are subject to usual tolerance
